

39th European Workshop for
Rheumatology Research
28 February – 2 March February 2019
Lyon, France

**For each session, 3-4 short talks will be given by
young investigators from selected abstracts**

THURSDAY, 28 FEBRUARY 2019

Time	Programme
10:00 - 12:30	Study groups / poster set-up
12:30 - 13:30	Welcome Coffee
13:30 - 13:40	Welcome & opening remarks
13:45 - 15:15	Autoimmunity Costantino Pitzalis (UK): Synovial pathotypes define prognostic and treatment response endo-phenotypes in Rheumatoid Arthritis: towards precision medicine Short talks from abstracts
15:15 - 15:45	Coffee break
15:45 - 17:15	Systemic effects of inflammation Laurence Vico (FR): Impact of space flight on bone Maurizio Cutolo (IT): Sex hormones and autoimmunity Short talks from abstracts
17:15-18:00	Invited lecture Luke o'Neill (IR): Krebs Cycle in Innate Immunity and Inflammation
18.00-19.00	Poster tour and discussions
19:30	Networking event

FRIDAY, 1 March 2019

Time	Programme
08:30 - 10:00	Cell signalling and gene regulation Andreas Radbruch (DE): Twist1 controls persistence of the CD4 T cells driving chronic inflammation Short talks from abstracts
10:00 - 10:30	Coffee break

10:30 - 12:00	IL-17 and IL-17 producing cells Anne Puel (FR): Genetic defects of the IL-17 and Th17 pathway Marije Koenders (NL): Th17 / T reg defects in chronic inflammation Short talks from abstracts
12:00 - 13:30	Lunch break with small group discussions on career options for young scientists
13:30 - 15:00	Mesenchymal cells Chris Buckley (UK): Synovioocyte heterogeneity Short talks from abstracts
15:00 - 15:30	Coffee break
15:30 - 17:00	Cell cell interactions Ursula Fearon (IR): Angiogenesis in arthritis Elodie Segura (FR): Inflammatory dendritic cells Short talks from abstracts
17:00 - 17:30	Invited lecture: Vijay Kuchroo (US): Heterogeneity of Th17 cells
17:30 - 18:30	Poster viewing & tour
19:30	Networking event

SATURDAY, 2 March 2019

Time	Programme
08:30 - 10:00	Genes and environment Francesco Ciccia (IT): Gut inflammation and arthritis Short talks from abstracts
10:00 - 10:30	Coffee break
10:30 - 12:00	Novel therapies Cem Gabay (CH): IL-18 targeting in inflammation Christian Jorgensen (FR): Mesenchymal cells for arthritis treatment Short talks from abstracts
12:00 - 13:00	Invited closing lecture Paul Emery (UK): if I were 25 today, what field of arthritis research should I select?
13:00 - 13:30	Awards /Closing remarks Leuven 2020
13:30 - 14:30	Lunch
14:30	Departure
